MS Readathon Challenge

27 July 2020

Dear Parents and Carers,

This year Figtree PS students will be given the opportunity to participate in the MS Readathon for the month of August. It is a great way to promote reading across the school and raise money for a worthy cause. There is no expectation or pressure to raise large amounts of money. Our focus is on working together to help others and for the love of reading.

Please log onto <https://www.msreadathon.org.au/> and select the "Register now" tab. Click on the 'child' image and follow the steps to register your child/children. Make sure to select 'Figtree Public School' and your child's class. There is more information for those interested on the website about MS, the challenge and fundraising tips.

The MS Readathon will run concurrently with the Premiers Reading Challenge. A benefit of this is any book a child reads for the Premiers Reading Challenge can be added to their MS Readathon Reading Log. Students will be given a Reading log to jot down any book they read at school to add to their online MS Readathon Reading Log. Texts including Lexile books, Guided Reading books, Library books and School Magazines may be added.

We hope that you are excited for your children to take part in this challenge and happy reading!

Kind regards,

Renai Lee and Alicia O'Connor
