## Planned Industrial Action

Dear Parents and Carers

Members of the NSW Teachers Federation at Figtree Public School will be taking industrial action next Thursday 30 June 2022 in the form of a 24 hour strike. The school will be providing minimal supervision of students on the day of the strike, with a large majority of our staff participating in this industrial action. Parents and carers are encouraged to find alternate arrangements for their children if possible.

We understand this is a difficult situation and appreciate your ongoing support.

Kind regards

Melissa Harding

Principal
